

# Summer Term Home Learning Menu- Year 2

## Mathematics

- Continue to unlock levels on Numbots and earn more stars to collect all the outfits for your robot - this is really important as it will link to you accessing TT Rockstars in Year 3.

## English - spelling and writing

- Learn your spellings and include them in a quality sentence - the spellings will be sent home half termly so there is less chance of losing them.
- Practise your handwriting.

## English - reading

- Read at least 4 times a week and record it in your reading journal and read your RWI book every time it is changed (if applicable).
- Share a story with family or friends who don't usually hear you read.

## Art/Music

Art- Collect some recycled materials or natural materials you found outside and make something. You might want to make a collage, or a sculpture, it is up to you!

Music- Find a song that you love and create a dance to it. This might be choreographed, or you might just want to move to what makes you feel good! You can perform this in class if you like or record it.

## Science

Plants- Grow your own plant. Either draw or take pictures of the plant at each stage of its development. What do you notice? You could write down some of your observations.

Go for a walk and create a checklist of all the different plants and trees that you see. Could you sketch some of them and research some facts about them?

Dissect a plant or flower, draw a diagram and label it to describe what the different parts are.

- We would like you to complete **all the core activities** above (Maths, English and Reading).
- Choose a **minimum of 3** topic activities to complete. You can choose which activities you find the most interesting and present them however you wish, PowerPoint, fact file, poster, leaflet, photo, video etc.
- Record your Home Learning and share with your teacher.

Check-in date: **Friday 23rd May**

Hand in date: **Friday 18<sup>th</sup> July**

## Own choice/project

- Create a fact file or information poster about something you are really interested in. This could be your favourite thing, i.e. Star Wars or a club, or activity you like doing.
- Write a review/recommendation about your favourite film. Why do you love it? Why should I watch it?

## History /geography

History- Research Rosa Parks or Emily Davidson. What do you find the most interesting about what they did? Write a diary entry as if you were one of them or create a fact file/ informative poster.

Geography- Visit the beach and create a list of all the things you can see or collected. Draw a map of the beach or your journey to the beach. If you have been to more than one, what similarities and differences do you notice?

## RE

Draw a picture of you with some of your special people, this might be your friends or family. Think about why they are special to you. Think about why Jesus might have had 12 special friends called disciples. Can you think of time where your friends or family have really helped you?
